Find coloured objects to make a colour wheel!

# LET'S LOOK AT COLOUR!

Name:

Class:

## Find coloured objects to make a colour wheel!

Find objects to show the 3 Primary colours, the 3 Secondary colours and the 6 Tertiary colours. Lay them in a circle in a Colour Wheel. Do the colours look to be in the 'right place'? What do you notice about the way the colours are named?

When you're happy, take a photo and Turn In on Teams.

   = Primary colours cannot be mixed.

 +      +      + 

         = Secondary colours are made by mixing 2 primary colours.

      = Tertiary colours are made by mixing a primary with a secondary.

Can you write the names of the colours next to them and whether they are a primary, secondary and tertiary colour.
