10 February 2022

Dear Parents of Owls Class,

On Wednesday 2nd March the STEM Team from Renishaw will be visiting the school. We will be participating in a K'NEX workshop, where the children will use modelling equipment to create a finished product. The skills of team building, design, construction and evaluation will all form part of the session. This is an exciting opportunity for the class to use their Design and Technology skills for a purpose. Entries for the K'NEX Challenge final will be selected on this day!

There is a voluntary contribution attached to this event. £4.50 can be paid via parent pay for your child's participation. We cannot afford to run it without your support. Please give consent and make payment via Parentpay before Friday 18th February. Any financial contribution will be entirely voluntary and your child will not be denied a place should you be unable to pay the contribution. However, the school will not proceed with the session unless there are sufficient contributions for it to be financed.

Kind regards,

Miss Wykes
