Dear Parents/Carers

Due to COVID-19, we are unable to hold a traditional Parents' Evening. This term, staff will be providing telephone appointments. These will be structured 10 minute slots to give you an update on your child's well-being, reading, writing and maths. We kindly ask that you support the member of staff by helping them to adhere to the scheduled appointment. Staff will equally try to stay on time.

If your child is receiving SEND support, and has a My Plan, your class teacher will be happy to discuss this separately. If you would like a conversation with myself, in my capacity as SENCO or headteacher, please do not hesitate to make contact.

It is hoped that we will be able to have an open evening in July, giving you an opportunity to see your child's books and talk informally to your class teacher. This will, naturally, depend on favourable LA and DfE guidance.

Yours faithfully

Gary Price

Headteacher
